

# BOTANY

---

Egra S.S.B. College

Department of Botany

---

## Lectures :

1. Microbes of Food and Environment by Arjun Patra: [https://youtu.be/LXWVozFQn\\_4](https://youtu.be/LXWVozFQn_4)
2. Regulation of Calvin-Benson Cycle enzymes by light: [https://youtu.be/Dbt0mEtu\\_oI](https://youtu.be/Dbt0mEtu_oI)
3. Gene expression in plants and transgenic technology: <https://youtu.be/4f4joNjwJFU>
4. Why names change in Plants?: <https://youtu.be/RQOevb8dN1I>
5. Chemotaxonomy: Its application in Plant systematic with special emphasis on Sementide: <https://youtu.be/piQEAW0rbZo>
6. Exploration on pharmaceutically important biomolecules from plant resources, an analytical approach: <https://youtu.be/c76uSLF40Jk>
7. Exploration on pharmaceutically important biomolecules from plant resources, an analytical approach: <https://youtu.be/eCV72X3cHp0>
