Outcome of the Seminar:

We are very pleased to declare that the one-day national level seminar topic on “Perspectives on Environment and Sustainable Development: Contemporary Issues and Challenges in India” was successfully conducted by our department on that day. The seminar topic is considered an endeavour in present concern. Prof. J. Shukla has delivered his lecture on sustainable development, biodiversity loss, and climate change. It was a real fact that we

could conserve our local nature through small-scale management. Moreover, many databases have been highlighted in this seminar by Prof. J. Shukla. On the other hand, Dr. Arijit Majumder has specified his lecture on groundwater management and roof-top water management during the seminar. Basically, some local or homely management has been pointed out by the concerned speaker. It was the idea and one-time investment project that were sketched out by Dr. Majumder. As per our syllabus, prescribed by the Vidyasagar University, Midnapore, this topic is also compiled in the UG and PG syllabuses. During the seminar, some new dimensions were revealed on this topic. Moreover, all participants, mainly students, have entirely benefited from these lectures. Many academicians and researchers have registered their names in this seminar along with their original research articles; from them, an abstract volume with an ISBN number was published one day before the seminar. Fifteen original research papers were presented at the seminar on that day under the chairmanship of our respected resource persons. Finally, Our Principal, Coordinator of IQAC, and Head of the Department offer their gratitude to the respected resource persons. The seminar ends with grand success on that day.

The poster features a yellow background with orange and green wavy patterns at the top. A circular logo of EGRA Sarada Shashi Bhusan College is in the top right corner. The text is centered and uses various colors (purple, blue, green) for emphasis. At the bottom, there is a teal banner with icons for a calendar, a clock, and a location pin.

ONE-DAY NATIONAL LEVEL SEMINAR
ON
PERSPECTIVES ON ENVIRONMENT AND SUSTAINABLE DEVELOPMENT: CONTEMPORARY ISSUES AND CHALLENGES IN INDIA

ORGANIZED BY
DEPARTMENT OF GEOGRAPHY IN COLLABORATION WITH IQAC
EGRA SARADA SHASHI BHUSAN COLLEGE
