Certificate Course on Basic Linguistics of English

Page | 2

Course Objectives:

1. The objectives of the course are to provide students with a broad overview of the field and prepare them for further study in linguistics.
2. This course aims at enabling the students to understand and evaluate the approaches of language processing in relation to various linguistic, computational issues, and applications.
3. It also aims at analyzing the text, context, sentiment or other affective qualities of the people speaking languages.
4. The course may help to facilitate human interaction and make the textual and other resources available in multiple languages.

Course Outcomes:

1. This will acquaint the students with the phonological structure of modern English.
2. The course will orient the students to word accents and speech rhythm and spoken English.
3. It will enhance the knowledge base of the students regarding the status of linguistic groups.
4. It will enhance the skill levels of the students to pursue research on languages in their future career.
5. The students having knowledge of linguistics can find employment in Government and international agencies.
