

# Campus Recruitment Programme 2019

**Organized by**

## **Department of Commerce**

Egra Sarada Shashi Bhusan College  
Egra, Purba Medinipur, West Bengal, India

### **Overview**

On April 23, 2019, the Department of Commerce successfully organized a Campus Recruitment Programme. This event featured Sriram Transport Finance Company Ltd, which conducted a campus interview to recruit potential candidates. The programme attracted 85 candidates from various streams within our college, demonstrating the broad interest and interdisciplinary participation in this valuable opportunity. Out of the 85 participants, 23 candidates were selected to proceed to the computer-based test, marking a significant step in their potential recruitment.

### **Details of the Event**

#### **Organization and Preparation**

The Department of Commerce meticulously planned the Campus Recruitment Programme to ensure a smooth and efficient process. Preparations included:

- Coordination with Sriram Transport Finance Company Ltd to schedule the interviews and define the selection criteria.
- Communicating the event details to students across different departments to maximize participation.
- Arranging the necessary infrastructure, such as interview rooms and computer labs, to facilitate the selection process.

#### **Participation and Selection**

The event saw enthusiastic participation from students across various disciplines, highlighting the diverse talent pool within the college. A total of 85 candidates attended the recruitment programme, showcasing their skills and aspirations to join a reputable company like Sriram Transport Finance Company Ltd.

#### **Selection Process**

The selection process was rigorous and designed to identify the most capable candidates. It consisted of two main stages:

1. **Initial Interview:** Candidates were first evaluated through personal interviews conducted by the company's recruitment team. These interviews assessed the candidates' communication skills, subject knowledge, and overall suitability for the roles available.
2. **Computer-Based Test:** Following the initial interview, 23 candidates were shortlisted to take a computer-based test. This test aimed to further evaluate their technical skills, problem-solving abilities, and aptitude for the specific requirements of the job.

## Outcome and Impact

The successful organization and execution of the Campus Recruitment Programme had several positive outcomes:

- **Opportunities for Students:** The programme provided a valuable opportunity for students to engage directly with potential employers, enhancing their employability and offering a direct pathway to professional careers.
- **Strengthening Industry-Academia Relations:** By partnering with Sriram Transport Finance Company Ltd, the college strengthened its ties with the industry, paving the way for future collaborations and more recruitment drives.
- **Highlighting College Talent:** The participation and subsequent selection of students underscored the quality of education and the caliber of students at the college, reflecting positively on the institution's reputation.

## Selected Candidates

Out of the 85 participants, 23 candidates were selected for the computer-based test. This achievement highlights the competitive nature of the recruitment process and the high standards maintained by both the college and the recruiting company.

## Conclusion

The Campus Recruitment Programme organized by the Department of Commerce on April 23, 2019, was a significant success. It not only provided a platform for students to showcase their talents but also reinforced the college's commitment to facilitating career opportunities for its students. The selection of 23 candidates for the computer-based test by Sriram Transport Finance Company Ltd is a testament to the potential and preparedness of our students to meet industry standards. This event has set a positive precedent for future recruitment drives, ensuring continued opportunities for students to advance in their professional journeys.

The Department of Commerce looks forward to organizing more such programmes and remains dedicated to bridging the gap between academia and industry, fostering a supportive environment for student growth and employment readiness.
