ABOUT THE SEMINAR

In a concerted effort to promote environmental consciousness and sustainable living practices, the Zoological Survey of India (ZSI) in collaboration with the Department of Zoology at Egra SSB College is proud to present a one-day Awareness Camp on Lifestyle for the Environment. This initiative aims to bring together students, faculty, and the local community to foster awareness about the impact of lifestyle choices on the environment and to encourage sustainable practices.

AIMS / OBJECTIVES OF THE SEMINAR

- 1. **Raise Awareness about Environmental Conservation:****
 - Educate participants about the importance of preserving the environment and the role of individual lifestyles in sustainable practices.
- 2. **Promote Eco-friendly Lifestyles:****
 - Encourage participants to adopt eco-friendly habits in their daily lives, such as reducing waste, conserving energy, and making sustainable consumer choices.
- 3. **Highlight Biodiversity Conservation:****
 - Emphasize the significance of biodiversity and the interconnectedness of various species in maintaining a healthy and balanced ecosystem.
- 4. **Explore the Impact of Human Activities:****
 - Discuss the impact of human activities, including lifestyle choices, on the environment, and create awareness about the need for responsible behavior.
- 5. **Demonstrate Sustainable Practices:****
 - Conduct practical sessions and workshops showcasing sustainable practices, such as waste reduction, composting, and the use of renewable energy sources.
- 6. **Encourage Community Participation:****
 - Foster a sense of community responsibility by encouraging participants to actively engage in local environmental initiatives and contribute to the betterment of their surroundings.
- 7. **Facilitate Knowledge Exchange:****
 - Provide a platform for experts in the field to share insights and knowledge about environmentally friendly practices, fostering a culture of continuous learning.
- 8. **Showcase Success Stories:****
 - Share success stories and case studies of individuals, communities, or organizations that have made a positive impact through environmentally conscious lifestyles.

9. **Promote Wildlife Conservation:**

- Discuss the importance of protecting wildlife habitats and biodiversity hotspots, emphasizing the role of zoology in understanding and conserving diverse species.

10. **Generate Public Support:**

- Engage participants in discussions on policy advocacy and community involvement to garner public support for environmental protection initiatives.

11. **Networking and Collaboration:**

- Facilitate networking opportunities among participants, organizations, and experts to encourage collaboration on future environmental projects and initiatives.

12. **Empower Participants to Be Ambassadors:**

- Empower participants with the knowledge and tools to become ambassadors for environmental awareness in their respective communities.

NO OF PARTICIPANTS: 71

NO OF ABSTRACTS PUBLISHED:

OUTCOME:

The one-day awareness camp on Lifestyle for the Environment proved to be an enriching experience for the 95 students who attended. The knowledge shared, coupled with practical activities and discussions, laid the foundation for a more environmentally conscious and responsible community. The organizers hope that the impact of this camp will extend beyond the event itself, influencing positive change in the participants' lifestyles and inspiring them to become advocates for a sustainable future.
