About the College

Egra Sarada Shashi Bhusan College started its journey on 8th August in the year 1968, located at the south-end of the state of West Bengal under the grace of some education lovers of the locality led by Prof. Dulal Chandra Das, who was the founder Principal of the College, after having affiliation from The University of Calcutta with a dream to spread the higher education amongst the local students who did not have the opportunity for higher education and thus could not contribute their best to the nation's cause. Presently, with affiliation from Vidyasagar University, Rabindra Bharati University (Distance Education) and Netaji Subhas Open University, the college is running different Postgraduate and Undergraduate courses.

About the Department

The Zoology department started its journey on 2001 but Honours teaching is permitted from 2007 and Post-graduate from 2017 under Vidyasagar University. It is a WBDST-FIST sponsored department. The department is striving towards excellence in academics and improving infrastructural facilities. It is well equipped with modern teaching aids and essential instruments. The intake capacity in Post-graduate and Honours courses are 20 & 45 respectively.

About the Workshop

A hands-on training workshop on "**SNAKE HUMAN CONFLICT MITIGATION**" is being organized at P.G. Department of Zoology, Egra S.S.B. College. Snakes perform important predatory functions in the complex web of nature, controlling pest rodents and even eating other snakes. They themselves are predated by birds of prey and other carnivores, thus providing those animals with food. Of the 3,400 snake species, there are around 600 venomous snake species in the world. This is an overview of the snakes that pose a significant health risk to humans, through snakebites or other physical trauma. The indiscriminate killing of snakes that occurs around the world due to fear and ignorance is a serious threat to snake populations. This alarming rate of killing is poorly studied, often undocumented and might lead to local extirpation if left unattended. Killing snakes does not solve human-snake conflict.

Learning Objectives

- To understand the common process to identify poisonous snakes and non poisonous snakes.
- The actual process of Snake rescue and rehabilitation.
- How to reduce the snake human conflict.
- Snake bite treatment procedure.

Patron

Mr. Samaresh Das
Hon'ble MLA, WB
President Governing Body,
Egra SSB College

Organizing Committee

President:
Dr. Dipak Kumar Tamili
Principal, Egra SSB College

Organizing Secretary:
Dr. Sudipta Kr. Ghorai
Assistant Prof. & P.G. Co-ordinator
P.G. Dept of Zoology

&

Mr. Debajyoti Pradhan
Assistant Prof. & H.O.D. (U.G.)
P.G. Dept of Zoology

Treasurer:
Mr. Chandan Nandi

Plenary Speaker

Mr. Vishal Santra
Simultala Conservationists (Foundation for Wildlife)

Mr. Anweshan Patra
Simultala Conservationists (Foundation for Wildlife)

Mr. Molla Talhauddin Ahmed
Simultala Conservationists (Foundation for Wildlife)

How to Reach the Venue

Egra SSB College is located at a distance of 26 km from Contai Railway station, 30 km from Belda Railway station and 35 km from Digha Railway station. The college is well connected with all these Railway stations by bus route. One km from Egra-Central bus stand towards Patashpur via Egra-Patashpur Road.
