### THEME OF THE SEMINAR

Philosophy is a study that seeks to understand the mysteries of existence and reality. It tries to discover the nature of truth and knowledge and to find what is of basic value and importance in life. It also examines the relationships between the individual and society. Philosophy is an guideline that has become a foundation by which we evaluate existence. We have a metaphysical sence by which we decide what is and isn't real. With the help of ethical sense we formulate values and emotions. We have an aesthetic sense through which we evaluate beauty and happiness. With the help of political sense we evaluate others. So all parts of our life Philosophy is engaged lightly. Without philosophical sense we are unable to make a single step.

### SUB THEMES

1. Philosophy and Society

2. Impact of Philosophy in Environment

3. Relation between Philosophy and Science.
4. Philosophical Values in Business Ethics.
5. Logic and its application on daily life.
6. Effect of Philosophy in our every day life.
7. Philosophy as a source of social and cultural development.
8. Role of Philosophy to make unity in diversity.
