About the College

Egra Sarada Shashi Bhusan College (NAAC Accredited, CGPA of 2.32, "B" Grade) started its journey on August 8th, 1968, located at the south-end of the state of West Bengal, under the grace of some education lovers of the locality led by Prof. Dulal Chandra Das, who was the founder principal of the college. Initially, the college was affiliated to Calcutta University and started with two sections: Arts with Commerce with Honours. After Mr. Dulal Chandra Das, Shri Jyotirindra Nath Kar took the helm of the college from the Chair of Teacher-In-Charge, and during his tenure, honours courses in Bengali, English, and History were introduced. After the tenure of Shri Jyotirindra Nath Kar came to an end in 2001, Dr. Dipak Kumar Tamili was appointed as the Principal of the college. During his tenure, Honours courses in eleven more subjects, i.e. Accountancy, Philosophy, Zoology, Botany, Physics, Mathematics, Geography, Chemistry, Nutrition, Computer Science, B.Voc. and P.G. in Bengal, and Zoology, were introduced. Many certificate courses have been introduced by various departments in our college. It was through his efforts that the scope of studies in the college was expanded by adding Netaji Subhash Open University and Rabindra Bharati University (Distance Education) to the college. In addition to this, the college includes both indoor and outdoor stadiums where students can participate in a variety of sporting activities. A Research Centre has been established at our college (Coastal Environmental Studies) under Vidyasagar University, where 28 confide scholars' are registered under different departments. Besides, the college has achieved the status of DBT Star College in 2022 and has received grants from DST (FIST) for the development of research infrastructure.

About the Seminar

Women's empowerment refers to the process of enabling women to have greater control over their lives and to be able to make their own decisions. This can include empowering women to participate fully in the economy and in the political process, as well as empowering them to make decisions about their own health and well-being. Women's empowerment is important because it can lead to a range of positive outcomes, including increased economic growth and development, improved health and well-being, and greater gender equality.

In India, women's empowerment has been a key issue for many years. Despite some progress in recent decades, women in India continue to face significant challenges when it comes to gender equality. These challenges include discrimination, lack of access to education and employment, and gender-based violence.

Economic and social empowerment puts women and girls in a stronger position and gives them the agency to make decisions that promote their own health and wellbeing, as well as that of their families. We believe that social and economic empowerment is a key factor to improving sexual and reproductive health and rights (SRHR) of women and girls. It enhances their ability to have a voice in decision making processes in every aspect of their life.

Message from the Principal

I am overjoyed that the Department of Philosophy and Department of Political Science of our collage is going to organize a one-day National level Seminar on “Women Empowerment: Philosophical and Political Perspectives” on 23rd June, 2023. The topic of the seminar is extremely important for researchers, scholars, academicians and students. I am certain that students of our college and other institutions would be enlightened not only by the valuable lectures of the resource persons but would also by the presentations of the teachers and scholars. I cordially welcome all the dignitaries, delegates and participants from different institutions who would attend the seminar and hope grand success of this noble effort.

With best wishes
